6. When you have the key click "Click Here".
7. Select your domain name and enter the "licence" key.
8. On next screen select HEARTINTERNET from the drop-down list and enter
1. your credit card details.

Why is the IPSTAG HEARTINTERNET?

Hydra Hosts UK domain registration system uses Heart Internet's Nominet TAG.

This is nothing to worry about and your domains will still be completely managed by Hydra Hosts.
